PROFILE

I am a competitive and versatile software engineer with a Bachelor's degree in Computer Engineering from the University of Central Florida. My lifelong passion for computers, technology, and video games has led to my expertise in problem-solving and algorithm analysis. I have over a decade of coding experience, specializing in mobile and web full-stack applications.

SKILLS

Full-Stack Development
Spring Framework
Spring Boot
REST APIs
Java
JavaScript/TypeScript
Agile Methodologies
React

EDUCATION

University of Central Florida
2019-2022
BS in Computer Engineering

EXPERIENCE

Full Stack Developer at PwC (Contract)
2022-Present
Discussed project progress with customers, collected feedback on different stages and directly addressed concerns. Collaborated with fellow engineers to evaluate software and hardware interfaces. Developed automated unit test cases for application stability and security.

Full Stack Developer at SkillStorm (Full-time)
2022-Present
Managed development milestones from initial steps through final delivery. Developed functional databases, applications and servers to support websites on the back end. Reviewed code and helped colleagues deliver secure and efficient applications.

Mobile Application Developer at BladeDocs (Freelance)
2023-2025
Employed full-stack development tools to produce holistically envisioned applications for mobile devices. Tracked post-deployment bug reports to recognize and resolve trends among user-reported faults and complaints.
